UNT | MEDIA Arts CAREER KICKSTARTER

KNOW BEFORE YOU GO

Date: March 20th

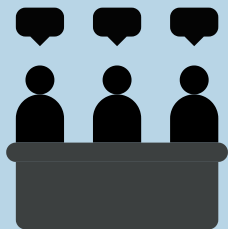

Location: UNT UNION 314

Time: 10AM-1PM

Panel: 10AM-10:50AM

Speed Networking: 11AM-1PM

Industry Panel: The panel is moderated by Keven Jenkins with all panelists answering questions, from Jenkins, about questions recent college graduates may face. The panel consists of professionals from different backgrounds like film and broadcasting.

Speed Networking: After the panel, professionals will be seated at assigned tables and students get the chance to talk to the professionals, as a table, for about 20 minutes before having to switch to another table. Because this portion of the event is 2 hours long with 20 minute increments, students will be able to visit about **6 tables**.

Check-In: There is a check-in for the event which requires students to either have their student ID or know their ID number. *Alumni, let the check-in table know you are not a student.*

Resumes: Bringing a resume is not required as professionals are there to help answer questions about their industry but feel free to bring your resume for any companies that may be looking for interns.

Preparation: Bringing a notepad or prepared questions for the speed networking portion is encouraged as the professionals will give insightful advice and are there to help you.
